

GOVERNOR WILL GRANT HEARING

Thaw's Fight for Liberty to Occur at Concord, N. H.

NEW YORK ASKS EXTRADITION

Should Governor Felker Grant the Request Lawyers for the Fugitive From Matteawan Plan to Appeal to the State Supreme Court for a writ of Habeas Corpus.

Concord, N. H., Sept. 13.—Harry K. Thaw will make his fight for liberty in this city. Governor Felker will grant a hearing some day next week, probably Wednesday, on the demand of Acting Governor Glynn of New York that Thaw be extradited.

Should the governor grant extradition Thaw's attorneys plan to appeal to the state supreme court for a writ of habeas corpus.

Colebrook, N. H., Sept. 13.—Rumors of plots on the part of Canadians to kidnap Harry K. Thaw caused consternation both to the prisoner and his captors. Authorities denied him an outing.

Crowds have flocked to this city from the Dominion, all openly declaring their sympathy for Thaw. Two automobiles, crowded with Thaw sympathizers, skirted the outer districts of the city and the prisoner was kept under guard of ten armed men.

Thaw, himself, it is said, asserted he had turned down two offers to aid him in another break for liberty. His attorneys denied they were in any plot to effect his freedom.

Jerome, too, was plotting. He has in mind now a plan instantly to seize the fugitive in case his deportation is ordered, thus blocking the efficiency of the habeas corpus writ by concealing from the Thaw counsel the identity of the individual to whom Thaw would be given in charge.

Much Ill Feeling Develops.

The citizen of Coaticook, Que., who was denounced by Jerome as the leader of the anti-Jerome movement which resulted in his arrest on a charge of gambling, remained in Colebrook in spite of the ill feeling his presence has engendered.

He whisked around in a motor car and this fact prevented Thaw from being taken for an airing.

The sheriff had agreed to accompany the prisoner on a ride and Thaw and his lawyers were about to climb in the machine when the report spread that two cars, bearing Canadians, were stationed a half mile or so out of town toward the Canadian frontier.

There has been so much feeling shown in the Thaw matter by the Canadians and so many of them have trailed after him here that Jerome put his foot down on the motor trip at once.

NEGRO IS KILLED BY POSSE

Another Believed Wounded by Tamms, Ill., Citizens.

Cairo, Ill., Sept. 13.—One negro was killed and another is believed to have been fatally wounded by a posse of citizens near Tamms, Ill., following the negroes' attempt to force a merchant of Tamms to accept a bill which had been raised from one to five dollars.

When the bill was refused the negroes drew revolvers and began firing as they backed out of the store. The storekeeper was not injured. Citizens formed a posse and pursued the negroes.

Bloodhounds led to a field one mile south of Tamms. The lifeless body of one of the negroes was found still clutching his revolver.

Pine Ridge Agency, S. D., Sept. 13.—At the home on this reservation occurred the death of Yellow Bear, for many years a chief of distinction. In later years he served as a government scout and after abandoning the warpath was a true friend of the whites and was trusted by government officials and other white men with whom he came in contact. At the time of his death he was titular chief of a large Indian settlement in western Bennett county. One of his last acts, only a short time before his death, was to call his people about him and advise them to continue in the path of progress.

MISS WILSON WINS HEARTY APPLAUSE

President Sees Youngest Daughter Play Star Role.

Meriden, N. H., Sept. 13.—President Wilson sat in a grove of pine trees and saw his youngest daughter, Miss Eleanor, play the star role in a pastoral pageant symbolizing the protest of the naturalist against the slaughter of birds for millinery purposes.

Miss Wilson voiced in appealing tones the spirit of the forest birds exhorting the hunter to forsake his rifle. The sharp crack of a gun followed by the sudden fall of "ornis, the bird spirit," Miss Wilson's role, marked the climax of the pageant.

Wounded and sobbing, "ornis" is consoled by the fauns, poet, Dr. Yod and the naturalist, who dissuade the repentant plume hunter and make of him a bird lover.

The president's daughter spoke her lines with careful expression and was enthusiastically applauded.

Those in the audience, composed entirely of artists, poets, playwrights and literary folk from Cornish and the surrounding hills, were costumed in vari-colored gowns and coats and sat on wooden benches fixed on the slope of a hill at the foot of which was the stage. The piece was written by Percy MacKaye.

As a prelude to the performance Miss Margaret Wilson, oldest daughter of the president, sang "The Hermit Thrush."

CONTEST OVER CURRENCY BILL

President Thinks It Ought to Be Passed at Once.

DOESN'T FAVOR LONG DEBATE

Wilson Thinks Too Much Time Has Been Given to Consideration of Tariff Measure—First Division in Democratic Ranks May Result Before Currency Legislation Is Passed.

By ARTHUR W. DUNN.

Washington, Sept. 13.—[Special.]—If there were an earnest desire and intention to pass a currency bill at the present session of congress the house would have disposed of the measure and sent it to the senate before the tariff bill passed and was sent to conference. It begins to look as if it would be a contest between the president and congress over currency legislation. The president has seen no necessity for the long delay in consideration of the tariff bill. He has not believed that public interests have been subserved by giving so much time to that measure. The president does not believe that it is necessary to give months to consideration of the currency bill. He thinks it ought to pass right away, and upon this rock there may be the first division in the Democratic ranks.

Congress Very Tired. Congress, collectively and individually, is very tired. Congress has been in session almost continuously for nearly half a dozen years. President Taft had two extra sessions, and President Wilson has had one lasting from the 1st of April to the present time and no one can tell how much longer.

The Time Consumed. Although the tariff has been under consideration a long time in the senate, much more time could have been consumed had there been anything like a filibuster inaugurated. There were threats of that kind, but they did not materialize. In fact, the tariff bill went through the senate much more quickly than the Payne bill, the Dingley bill or the Wilson bill.

The Quest For Places.

The Democrats intend to make places for men of their party by keeping the new collectors of income taxes out of the civil service. During the discussion of the subject Senator Martine of New Jersey furnished the senate with the information that of 390 postoffice inspectors only thirty-five are Democrats.

In a running colloquy with Senator Gallinger the New Jersey senator expressed the opinion that the way to glorify the principles of the Democratic party and achieve the full measure of the victory of last fall was to appoint Democrats to office.

Both in the house and senate expressions have been heard to the effect that the battle between Taft and Roosevelt was the cause of the order covering so many fourth class postmasters into the civil service before Taft retired from the presidency.

Developments of Diplomacy.

For more than 100 years we managed to get along with ministers at different foreign courts and did quite a bit of diplomatic work. In the Fifty-first congress provision was made for ambassadors, and they have been increasing in number ever since. When the proposition was pending to make the Spanish minister an ambassador it was attacked by Congressman Mann, the minority leader.

"Raising a ministry to an embassy attaches a little more expense, with a few more fangdoodles hung on to it," declared Mann.

"What is a fangdoodle?" asked Clayton of Alabama.

"The gentleman from Alabama is not a fangdoodle," replied Mann.

"I take it that the gentleman from Illinois is not," said Clayton.

"There are no frills on me," assented Mann.

Warned by Austin.

Congressman Austin is the ranking Republican member of the committee on public buildings and grounds and much interested in buildings throughout the country. He tried to have more money provided so that the supervising architect's office might complete the work of plans for buildings already authorized. He warned the new members of congress that unless something was done they would not have their buildings started before 1920. However, the appropriations committee was too strong for him.

"When we pass the next public building bill," remarked the Tennessee member, "we will put in everything we want, and Fitzgerald and his committee will not be able to override us with points of order or by any other methods."

Jim Watson's Prediction.

Several weeks ago Jim Watson of Indiana was in Washington and when asked who would be the next president promptly answered, "I will be the man." Jim's friends regarded it as a joke, although there was an intimation that he really had the idea that lightning might strike him. That was before the Mulhall lobbyist disclosures made Watson the "goat" to some extent in the doings about Washington.

MONEY AVAILABLE TO AID AMERICANS

House Passes Bill to Assist Citizens in Mexico.

Washington, Sept. 13.—In response to an urgent demand from the state department the house passed a joint resolution making an emergency appropriation of \$100,000 to be used for the relief of destitute Americans in Mexico and for their transportation to the United States.

Secretary Bryan said that since the first of this year the state department had spent \$52,788.29 in aiding American citizens to get out of Mexico.

Majority Leader Underwood presented the emergency resolution and read a personal letter from Secretary Bryan asking immediate action.

The secretary said the department was using \$2,000 a day to aid Americans in Mexico and that but \$2,000 was available for that purpose.

The resolution will go immediately to the senate, where it probably will be passed Monday.

The resolution passed unanimously with the understanding that if further funds were needed a \$100,000 appropriation in the urgent deficiency bill for the same purpose would be allowed to stand.

MOTHER AND SON ARE SHOT

Husband of Wounded Woman Sought as Assassin.

Saginaw, Mich., Sept. 13.—Mrs. Joseph Sampson and her ten-year-old son Henry were shot while in a sugar beet field near Chesaning and the authorities are searching for Sampson, who is alleged to have done the shooting. Both victims probably will die.

Sampson returned from Toledo and failed to find his wife at home. After a short search he located her and his son at a nearby farm. She is said to have refused to obey his command to return home with him and it is alleged he shot her twice.

PROTEST BARRING MILITANT

Women Adopt Resolutions Anent Coming of Mrs. Pankhurst.

Chicago, Sept. 13.—A protest against a refusal by the federal government to admit Mrs. Emmeline Pankhurst to the United States was voiced in resolutions adopted by the Woman's party of Cook county.

"While we do not approve of militant tactics for this country," the resolutions stated, "we recognize Mrs. Pankhurst as being a soldier in the war for liberty."

To Urge G. O. P. Convention.

Two Americans Commissioned to Explore Headwaters of Amazon, Chicago, Sept. 13.—William L. Page and Wüher F. Advice received from the Peruvian government state that members of a search expedition found a group of Indians in possession of the guns, baggage and other property.

The head of the relief expedition reported to the Peruvian government: "I believe the Americans have been victims of foul play, as it seems impossible that they should have given up their arms and baggage while on a trip of this kind."

Tells Impeachment Managers of Governor's Speculations.

GIVES EVIDENCE UNDER OATH

Melville D. Fuller Describes New York Executive's Transactions With His Firm From June 27, 1910, Until July 14, 1913, When They Ceased.

New York, Sept. 13.—Governor Sulzer's transactions in Wall street from June 27, 1910, till they ceased—at least as far as one firm of brokers was concerned—on July 14 last, were described under oath by Melville D. Fuller, who said he was Sulzer's broker in a hearing held by nine impeachment managers appointed by the assembly.

Mr. Fuller, who before the Frawley investigating commission refused to testify concerning certain matters, answered all questions.

He testified Sulzer had paid him \$15,000 in person within a month and a day after the last election and that he (Fuller) had no dealings with Mrs. Sulzer.

According to Fuller's testimony Sulzer, while a representative, opened an account with his firm, Harris & Fuller, June 27, 1910.

In September Sulzer borrowed \$23,000 from the firm, giving as collateral 400 shares of "Big Four" railroad stock.

Sulzer Added to Holdings.

"Big Four" declined from 80 to 57 within a year," Mr. Fuller continued, "but Mr. Sulzer bought some more of the stock and added Southern Pacific to his holdings."

Nov. 23, 1912, a few days after he was elected governor, Mr. Fuller said, Sulzer walked into the office of Harris & Fuller with ten \$1,000 bills in his hand.

These he paid on his account, his indebtedness, owing to other transactions, having increased to \$50,612.

Dec. 5, Mr. Fuller said, Governor Elect Sulzer paid in person \$5,000 more in cash on his account.

Lieutenant Commander Josephthal of Governor Sulzer's staff visited the office of Harris & Fuller on July 16 last, Mr. Fuller added, and closed the account by paying the balance, \$25,739.

Josephthal received the stock left by Sulzer as collateral. Josephthal presented an order, which was produced. It was signed "William Sulzer, for Mrs. Sulzer."

TWO KILLED AT CROSSING

Bodies of Man and Woman Are Thrown Fifty Feet.

Parkersburg, Ia., Sept. 13.—George Penelton and Miss Clarice Savage, school teacher, were instantly killed by a Chicago and Northwestern freight train three miles east of the city. Both lived in Parkersburg.

They were riding in a lumber wagon to which was hitched a team of mules, both of which were killed. The bodies of Mr. Penelton and Miss Savage were thrown a distance of fifty feet. A companion riding in the rear of the wagon jumped and escaped.

Miss Savage had completed her first week of the fall term of school and had started to walk home when she was invited to ride by Penelton.

Report Says Chicago Jails Reek With Filth.

Chicago, Sept. 13.—Sensational disclosures of conditions in Chicago jails, which have been attacked in the last few days by civic bodies and individuals, came from state sources when the state charities commission made public a report of an inquiry conducted by its own investigators who visited all the penal institutions in the state.

The cells in Chicago's jail are described as "dungeons" and "unfit for the housing of animals" and detailed comment is made on their "unspeakably insanitary" condition and on the dampness, vermin and lack of decent facilities of the most ordinary kind.

The Democrats intend to make places for men of their party by keeping the new collectors of income taxes out of the civil service. During the discussion of the subject Senator Martine of New Jersey furnished the senate with the information that of 390 postoffice inspectors only thirty-five are Democrats.

In a running colloquy with Senator Gallinger the New Jersey senator expressed the opinion that the way to glorify the principles of the Democratic party and achieve the full measure of the victory of last fall was to appoint Democrats to office.

Both in the house and senate expressions have been heard to the effect that the battle between Taft and Roosevelt was the cause of the order covering so many fourth class postmasters into the civil service before Taft retired from the presidency.

Developments of Diplomacy.

For more than 100 years we managed to get along with ministers at different foreign courts and did quite a bit of diplomatic work. In the fifty-first congress provision was made for ambassadors, and they have been increasing in number ever since. When the proposition was pending to make the Spanish minister an ambassador it was attacked by Congressman Mann, the minority leader.

"Raising a ministry to an embassy attaches a little more expense, with a few more fangdoodles hung on to it," declared Mann.

"What is a fangdoodle?" asked Clayton of Alabama.

"The gentleman from Alabama is not a fangdoodle," replied Mann.

"I take it that the gentleman from Illinois is not," said Clayton.

"There are no frills on me," assented Mann.

Warned by Austin.

Congressman Austin is the ranking Republican member of the committee on public buildings and grounds and much interested in buildings throughout the country. He tried to have more money provided so that the supervising architect's office might complete the work of plans for buildings already authorized. He warned the new members of congress that unless something was done they would not have their buildings started before 1920. However, the appropriations committee was too strong for him. "When we pass the next public building bill," remarked the Tennessee member, "we will put in it everything we want, and Fitzgerald and his committee will not be able to override us with points of order or by any other methods."

Jim Watson's Prediction.

Several weeks ago Jim Watson of Indiana was in Washington and when asked who would be the next president promptly answered, "I will be the man." Jim's friends regarded it as a joke, although there was an intimation that he really had the idea that lightning might strike him. That was before the Muhlhall lobbyist disclosures made Watson the "goat" to some extent in the doings about Washington.

The Tongue.

The tongue is boneless, yet it can strike harder than the fist—Boston Transcript.

HARRY K. THAW.

Fugitive Posed With Men Who Later Deported Him.

© 1913, by American Press Association.

While Harry Thaw was confined in the Coaticook jail immigration officials were constantly on hand to deport him should the order be issued. Immediately following the decision to deport Thaw the officers seized him and rushed the fugitive across the border into Vermont. In the picture Thaw is seen posing for the photographer with two of the men who later rushed him to the United States.

MONEY AVAILABLE TO AID AMERICANS

House Passes Bill to Assist Citizens in Mexico.

Washington, Sept. 13.—In response to an urgent demand from the state department the house passed a joint resolution making an emergency appropriation of \$100,000 to be used for the relief of destitute Americans in Mexico and for their transportation to the United States.

Secretary Bryan said that since the first of this year the state department had spent \$52,788.29 in aiding American citizens to get out of Mexico.

Majority Leader Underwood presented the emergency resolution and read a personal letter from Secretary Bryan asking immediate action.

The secretary said the department was using \$2,000 a day to aid Americans in Mexico and that but \$2,000 was available for that purpose.

The resolution will go immediately to the senate, where it probably will be passed Monday.

The resolution passed unanimously with the understanding that if further funds were needed a \$100,000 appropriation in the urgent deficiency bill for the same purpose would be allowed to stand.

MOTHER AND SON ARE SHOT

Husband of Wounded Woman Sought as Assailant.

Saginaw, Mich., Sept. 13.—Mrs. Joseph Sampson and her ten-year-old son Henry were shot while in a sugar beet field near Cheesaning and the authorities are searching for Sampson, who is alleged to have done the shooting. Both victims probably will die. Sampson returned from Toledo and failed to find his wife at home. After a short search he located her and his son at a nearby farm. She is said to have refused to obey his command to return home with him and it is alleged he shot her twice.

PROTEST BARRING MILITANT

Women Adopt Resolutions Anent Coming of Mrs. Pankhurst.

Chicago, Sept. 13.—A protest against a refusal by the federal government to admit Mrs. Emmeline Pankhurst to the United States was voiced in resolutions adopted by the Woman's party of Cook county.

"While we do not approve of militant tactics for this country," the resolutions stated, "we recognize Mrs. Pankhurst as being a soldier in the war for liberty."

To Urge G. O. P. Convention.

Washington, Sept. 13.—Senators Jones and Cummins of the progressive Republican committee, which is urging a national convention of the Republican party this fall, decided to write to Chairman Hill of the Republican national committee, urging that the committee be called.

DIES OF PLAGUE.

Sacramento, Cal., Sept. 13.—The death of a laborer from the bubonic plague occurred at Martinez, Cal., according to reports received by the state board of health from Dr. J. D. Long of the United States marine hospital service in San Francisco.

BROKER RELATES SULZER'S DEALS

PROBABLY SLAIN BY NATIVES

Two Americans Commissioned to Explore Headwaters of Amazon, Chicago, Sept. 13.—William L. Page and Wulber F. Croner of Chicago, who were commissioned to explore the headwaters of the Amazon, are believed by relatives to have been slain by natives. Advice received from the Peruvian government state that members of a search expedition found a group of Indians in possession of the guns, baggage and other property.

The head of the relief expedition reported to the Peruvian government: "I believe the Americans have been victims of foul play, as it seems impossible that they should have given up their arms and baggage while on a trip of this kind."

EXTRA SESSION ON OCT. 16

Governor Eberhart Expects to Issue Call Next Tuesday.

St. Paul, Sept. 13.—Thursday, Oct. 16, is the date for opening the extra session of the state legislature, to be called by Governor A. O. Eberhart primarily to create a public utilities commission, according to a rumor current in the Twin Cities. Although officials at the state capital denied knowledge of the date it was reported that the governor will issue the special session call next Tuesday, following the custom of giving just thirty days' notice.

Tells Impeachment Managers of Governor's Speculations.

GIVES EVIDENCE UNDER OATH

Melville D. Fuller Describes New York Executive's Transactions With His Firm From June 27, 1910, Until July 14, 1913, When They Ceased.

New York, Sept. 13.—Governor Sulzer's transactions in Wall street from June 27, 1910, till they ceased—at least as far as one firm of brokers was concerned—on July 14 last, were described under oath by Melville D. Fuller, who said he was Sulzer's broker in a hearing held by nine impeachment managers appointed by the assembly.

Mr. Fuller, who before the Frawley investigating commission refused to testify concerning certain matters, answered all questions.

He testified Sulzer had paid him \$16,000 in person within a month and a day after the last election and that he (Fuller) had no dealings with Mrs. Sulzer.

According to Fuller's testimony Sulzer, while a representative, opened an account with his firm, Harris & Fuller, June 27, 1910.

In September Sulzer borrowed \$23,000 from the firm, giving as collateral 400 shares of "Big Four" railroad stock.

Sulzer Added to Holdings.

"Big Four declined from 80 to 57 within a year," Mr. Fuller continued, "but Mr. Sulzer bought some more of the stock and added Southern Pacific to his holdings."

Nov. 23, 1912, a few days after he was elected governor, Mr. Fuller said, Sulzer walked into the office of Harris & Fuller with ten \$1,000 bills in his hand.

These he paid on his account, his indebtedness, owing to other transactions, having increased to \$50,612.

Dec. 6, Mr. Fuller said, Governor Elect Sulzer paid in person \$5,000 more in cash on his account.

Lieutenant Commander Josephthal of Governor Sulzer's staff visited the office of Harris & Fuller on July 16 last, Mr. Fuller added, and closed the account by paying the balance, \$26,739.

Josephthal received the stock left by Sulzer as collateral. Josephthal presented an order, which was produced. It was signed "William Sulzer, for Mrs. Sulzer."

TWO KILLED AT CROSSING

Bodies of Man and Woman Are Thrown Fifty Feet.

Parkersburg, Ia., Sept. 13.—George Penelton and Miss Clarice Savage, school teacher, were instantly killed by a Chicago and Northwestern freight train three miles east of the city. Both lived in Parkersburg.

They were riding in a lumber wagon to which was hitched a team of mules, both of which were killed.

The bodies of Mr. Penelton and Miss Savage were thrown a distance of fifty feet. A companion riding in the rear of the wagon jumped and escaped.

Miss Savage had completed her first week of the fall term of school and had started to walk home when she was invited to ride by Penelton.

UNFIT TO HOUSE ANIMALS

Report Says Chicago Jails Reek With Filth.

Chicago, Sept. 13.—Sensational disclosures of conditions in Chicago jails, which have been attacked in the last few days by civic bodies and individuals, came from state sources when the state charities commission made public a report of an inquiry conducted by its own investigators who visited all the penal institutions in the state.

The cells in Chicago's jail are described as "dungeons" and "unfit for the housing of animals" and detailed comment is made on their "unspeakably insanitary" condition and on the dampness, vermin and lack of decent facilities of the most ordinary kind.

COAL MINE QUIZ NEARS END

Operators Conclude Presentation of Evidence.

Washington, Sept. 13.—Coal mine operators of the Paint and Cabin Creek, W. Va., fields, concluded the presentation of evidence to the senate special committee investigating the strike in their mines.

Monday attorneys for the United Mine Workers will present rebuttal witnesses and the inquiry is expected to close soon thereafter.

MUCH ORATORY ON CURRENCY

Republicans Attack Bill and Speech-making Attracts Few.

Washington, Sept. 13.—Progress of the currency bill through the debating stage in the house was marked by Republican attacks upon the way the measure was prepared by the majority and by a defense from Representative Hardwick of Georgia.

Speechmaking continued with the orators addressing a handful of members.

SHOULD ADOPT THE CHARTER
The Duluth News-Tribune in an
editorial says that Brainerd should
adopt the commission charter and in
doing so gives the following advice,
and as Duluth has been working under
the commission from for some
months the experience gained is well
worth knowing:

"Brainerd is soon to vote on a com-
mission charter. The document has
been drawn by an excellent commit-
tee, including men in whom that city
has full reason to have entire confi-
dence and who are thoroughly famil-
iar with the present form of govern-
ment and local conditions.

"Brainerd is our neighbor and Du-
luth has a neighborly interest in all
that concerns its future. This city
has had but a few months' trial of
commission government. Our prob-
lems as a city are the same in sub-
stance as Brainerd's, though greater
in dimensions. Public opinion as to
this new form of affairs here should
have much effect there.

For this reason we would assure
that city from our own experience
and promise, that it will be mistaken
only if it does not adopt the new
charter. It will be mistaken to give
undue weight to minor details in the
charter, the big fact is the form of
government itself.

Duluth had a fairly good govern-
ment. This city had no real rotten-
ness to cure. There was some waste,
but no great extravagance. There
was laxity of law enforcement and an
absence of responsibility. But taken
by and large this city was above the
average in good government.

Now there is unity and harmony
in action; there is exact responsi-
bility and quickness of action. The
entire city government, law making
and administrative, can meet at any
time or place, with the public at
large or any advisory group to consid-
er any feature of city affairs.

speaking from his own experience,
Duluth wishes Brainerd well and in
this wishing hopes its new charter
may be adopted."

Two Bemidji school teachers have
been left \$50,000 each by the death
of a relative. Good by to the little
red school house for them.

The St. Cloud Times has issued a
very creditable special edition dedi-
cated to the fall fashions and the
Stearns county fair. The publica-
tion gives one a good idea of the sub-
stantial business community in which
it circulates. St. Cloud is one of the
many prosperous cities of which Min-
nesota boasts.

The call for an extra session of the
legislature is expected to be issued
by Gov. Eberhart early next week,
the date of which will be October 16
and the object will be to create a pub-
lic utilities commission. There is
considerable diversity of opinion re-
garding the advisability of calling the
legislature together at this time, the
same probably that would exist if
the date was set for any other period.

SHOULD ADOPT THE CHARTER

The Duluth News-Tribune in an editorial says that Brainerd should adopt the commission charter and in doing so gives the following advice, and as Duluth has been working under the commission from for some months the experience gained is well worth knowing:

"Brainerd is soon to vote on a commission charter. The document has been drawn by an excellent committee, including men in whom the city has full reason to have entire confidence and who are thoroughly familiar with the present form of government and local conditions.

"Brainerd is our neighbor and Duluth has a neighborly interest in all that concerns its future. This city has had but a few months' trial of commission government. Our problems as a city are the same in substance as Brainerd's, though greater in dimensions. Public opinion as to this new form of affairs here should have much effect there.

For this reason we would assure that city from our own experience and promise, that it will be mistaken only if it does not adopt the new charter. It will be mistaken to give undue weight to minor details in the charter, the big fact is the form of government itself.

Duluth had a fairly good government. This city had no real rottenness to cure. There was some waste, but no great extravagance. There was laxity of low enforcement and an absence of responsibility. But taken by and large this city was above the average in good government.

Now there is unity and harmony in action; there is exact responsibility and quickness of action. The entire city government, law making and administrative, can meet at any time or place, with the public at large or any advisory group to consider any feature of city affairs. Judging by its own experience and

speaking from its own experience, Duluth wishes Brainerd well and in this wishing hopes its new charter may be adopted."

The St. Cloud Times has issued a very creditable special edition dedicated to the fall fashions and the Stearns county fair. The publication gives one a good idea of the substantial business community in which it circulates. St. Cloud is one of the many prosperous cities of which Minnesota boasts.

The call for an extra session of the legislature is expected to be issued by Gov. Eberhart early next week, the date of which will be October 16 and the object will be to create a public utilities commission. There is considerable diversity of opinion regarding the advisability of calling the legislature together at this time, the same probably that would exist if the date was set for any other period.

Vacation season has ended for the clergymen of the various churches of Brainerd. Last Sabbath church bells

were rung that had been silent for several weeks. Many people expressed their gladness for these resumed services. For those who are in the habit of going to church there is nothing in their experience more helpful and refreshing than the brief hour they spend in praise and worship. Those who have drifted into indifference oftentimes wonder why their neighbor goes to church and seems to enjoy it. Further he does not understand why some give up most of their leisure time to the numerous departments of the church. The churchman knows why, he may not be able to explain it, but he knows. He also knows that those who do not have this mystic sense miss more than any words of his can tell.

THIRD WARD IS UNANIMOUS

In Favor of Street Railway Franchise Without Amendments Desired by Mayor.

AD MEETING LAST NIGHT

Question is Discussed and Vote Taken Which Resulted 47 to 0, in Favor of it

The meeting of the third ward to consider the matter of standing by the franchise in its present form or to add the several amendments advocated by Mayor Henning was held in the Northeast Brainerd hose house last night. About seventy-five were present.

George Holliday presided. Mayor Henning spoke on the amendments which in his judgement ought to be added to the franchise to make it more satisfactory. He made an able argument for them. Nearly all agreed with him that most of the amendments suggested should be added to make it a model franchise but they felt that the city should take what it could get and not endanger losing the street railroad altogether.

The final vote stood forty-seven in favor of the present franchise and none against. This vote instructs the aldermen from this ward voting to sustain their former action.

The speakers were Judge J. H. Warner, R. Ilse, Sr., Timothy Towhey, W. E. Wilson and several others. All commended the diligence of the mayor for his sincere and earnest efforts to do what he thought was best for the city's welfare. All the speakers showed great interest in public affairs. All wanted the railroad and all thought it best to add as few restrictions as possible. As one speaker said, "it is time for the city to do something. If we want anything we must be willing to give something."

At the conclusion of this discussion the bridge matter was considered. After the decking was taken off the underpinning was found in worse shape than was expected. It is estimated that it will require \$2000 to repair it. The old bridge is not worth so much for repairs. The mayor said he tried to get different parties to bid on filling or erecting a steel bridge. It was generally believed by those at the meeting that a foot way should have been left over the bridge.

GREGORY PARK A PLACE OF JOY

Park Board Planned Better Than it Knew when it Installed Play Things

IS ALSO A PLACE OF BEAUTY

As Flowers and Foliage are Now at Best—Better Lighting Facilities Planned

Gregory park is just now at the height of its usefulness and beauty. The park board has planned wiser than it knew. What strikes one with the utility of parks as playgrounds for children is beautifully illustrated by the number who are daily using its privileges for their recreation.

A few days ago the writer had occasion to pass through. All the swings were in use by joyous children happy in the consciousness that the park authorities and people were alive to their welfare.

The writer admits being out of date, teeter boards he used to call them. The old gents will know what he means—a plank thrown over a log, one end up the other down, see-saw. How often they used to be improvised for an hour's pastime! Well, these too have lost none of their attraction to the present generation for they were going full blast.

The toboggan slide was not forgotten. The youngsters were vying with one another in seeing which one could make the most of it. Jacob's ladder was not more crowded nor could those disembodied spirits of old have been more happy than these children of today.

There is no better out-of-door game for men, women, boys and girls than tennis. This game rightly played, is an elixir, an arcana, more health giving and wholesome than Ponce de Leon's mystic fountain. The children had just vacated the court and gone home with prodigious appetites. Blessings be upon the head of the man who first invented tennis.

The flowers are now in full regalia, the color of the sky is reflected in every blossom. Many homes have necessarily to be without them but there they are in the park to give pleasure to everybody.

Credit should be given to the railway company for the pretty plot around the station. On every hot day scores of people refresh themselves on this living green. Mankind needs more of these areas—places that invite us into the open.

The council thro its street lighting committee is now working on the problem of better lighting the park. This will be another great improvement.

MOTHERS! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt his mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists or by mail, 25c. Kickapoo Indian Medicine Company, Philadelphia, Pa., or St. Louis, Mo.—For sale by H. P. Dunn.—Advt.

A CHOICE DELICACY

That Grows in Abundance About Brainerd and can be had for the Gathering

One of the choicest delicacies of the season is mushrooms. There is an abundance of them in the neighborhood of this city. They are one thing for which northern Minnesota ought to be famous, but are never mentioned in reckoning up the wealth of this northern country.

One family in town, at least, appreciated them this summer for they were on the table several times a week, and were regarded the choicest thing there. They grow in the woods, in the pastures, in grass plots, in fact wherever they are not taken for poisonous toadstools and rooted out with contempt.

On a trip out in the country the other day the writer gathered several kinds, including Boletus, Clitocybe, Amanita and puff balls. Three of these kinds are good, the other is "loaded." Enough heart depressant poison is in the one to sever the "silver thread" of life. But with a little observation this one can be told from the others.

On his return home he found "company," wife away, and the children crying for bread. Those mushrooms solved the difficulty. There was a meal good enough for any epicure.

The Minnesota university publishes a book on the mushrooms of Minnesota, this can be had free by any graduate and for one dollar by any one. A few of the most common kinds can be readily distinguished and wholesome food thus obtained for the gathering. Those who are not versed in mushroom lore however, should do well to give them a wide berth.

"CASCARETS" RELIEVE SICK, SOUR STOMACH

Move acids, gases and clogged-up waste from Stomach, Liver, Bowels—Cure Indigestion
Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets, they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for several months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advt.

THE PRAISE CONTINUES

Everywhere We Hear Good Reports of Doan's Kidney Pills

Brainerd is no exception. Every section of the U. S. resounds with praise of Doan's Kidney Pills. Thirty thousand persons are giving testimony in their home newspapers. The sincerity of these witnesses, the fact that they live so near, is the best proof of the merits of Doan's. Here is a Brainerd case.

Mrs. C. Sundberg, 1524 E. Pine St., Brainerd, Minn., says: "Doan's Kidney Pills have earned my grateful endorsement. I suffered for several years from backache and it not only made me uncomfortable while doing my work, but also kept me from getting my proper rest at night. I was sometimes distressed by dizzy spells and often my feet and ankles were swollen. The doctors said I had kidney complaint but their medicine failed to help me. A few months ago I was told about Doan's Kidney Pills and I procured a box at H. P. Dunn's Drug Store. Since using them, I have had but little pain in my back and have been stronger and better able to do my work. If my experience will be the means of helping other kidney sufferers, I am glad to give a public account of it."

THIRD WARD IS UNANIMOUS

In Favor of Street Railway Franchise Without Amendments Desired by Mayor.

AD MEETING LAST NIGHT

Question is Discussed and Vote Taken Which Resulted 47 to 0, in Favor of it

The meeting of the third ward to consider the matter of standing by the franchise in its present form or to add the several amendments advocated by Mayor Henning was held in the Northeast Brainerd house last night. About seventy-five were present.

George Halliday presided. Mayor Henning spoke on the amendments which in his judgement ought to be added to the franchise to make it more satisfactory. He made an able argument for them. Nearly all agreed with him that most of the amendments suggested should be added to make it a model franchise but they felt that the city should take what it could get and not endanger losing the street railroad altogether.

The final vote stood forty-seven in favor of the present franchise and none against. This vote instructs the aldermen from this ward voting to sustain their former action.

The speakers were Judge J. H. Warner, R. Ilse, Sr., Timothy Towhey, W. E. Wilsson and several others. All commended the diligence of the mayor for his sincere and earnest efforts to do what he thought was best for the city's welfare. All the speakers showed great interest in public affairs. All wanted the railroad and all thought it best to add as few restrictions as possible. As one speaker said, "It is time for the city to do something. If we want anything we must be willing to give something."

At the conclusion of this discussion the bridge matter was considered. After the decking was taken off the underpinning was found in worse shape than was expected. It is estimated that it will require \$2000 to repair it. The old bridge is not worth so much for repairs. The mayor said he tried to get different parties to bid on filling or erecting a steel bridge. It was generally believed by those at the meeting that a foot way should have been left over the bridge.

GREGORY PARK A PLACE OF JOY

Park Board Planned Better Than it Knew when it Installed Play Things

IS ALSO A PLACE OF BEAUTY

As Flowers and Foliage are Now at Best—Better Lighting Facilities Planned

Gregory park is just now at the height of its usefulness and beauty. The park board has planned wiser than it knew. What strikes one with the utility of parks as playgrounds for children is beautifully illustrated by the number who are daily using its privileges for their recreation.

A few days ago the writer had occasion to pass through. All the swings were in use by joyous children happy in the consciousness that the park authorities and people were alive to their welfare.

The writer admits being out of date, teeter boards he used to call them. The old gent who knew what he means—a plank thrown over a log, one end up the other down, see-saw. How often they used to be improvised for an hour's pastime! Well, these too have lost none of their attraction to the present generation for they were going full blast.

The toboggan slide was not forgotten. The youngsters were vying with one another in seeing which one could make the most of it. Jacob's ladder was not more crowded nor could those disembodied spirits of old have been more happy than these children of today.

There is no better out-of-door game for men, women, boys and girls than tennis. This game rightly played, is an elixir, an elixir, more health giving and wholesome than Ponce de Leon's mystic fountain. The children had just vacated the court and gone home with prodigious appetites. Blessings be upon the head of the man who first invented tennis.

The flowers are now in full regalia, the color of the sky is reflected in every blossom. Many homes have necessarily to be without them but there they are in the park to give pleasure to everybody.

Credit should be given to the railway company for the pretty plot around the station. On every hot day scores of people refresh themselves on this living green. Mankind needs more of these areas-places that invite us into the open.

The council thro its street lighting committee is now working on the problem of better lighting the park. This will be another great improvement.

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt his mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists or by mail, 25c. Kickapoo Indian Medicine Company, Philadelphia, Pa., or St. Louis, Mo.—For sale by H. P. Dunn.—Adv't.

A CHOICE DELICACY

That Grows in Abundance About Brainerd and can be had for the Gathering

One of the choicest delicacies of the season is mushrooms. There is an abundance of them in the neighborhood of this city. They are one thing for which northern Minnesota ought to be famous, but are never mentioned in reckoning up the wealth of this northern country.

One family in town, at least, appreciated them this summer for they were on the table several times a week, and were regarded the choicest thing there. They grow in the woods, in the pastures, in grass plots, in fact wherever they are not taken for poisonous toadstools and rooted out with contempt.

On a trip out in the country the other day the writer gathered several kinds, including Boletus, Clitocybe, Amanita and puff balls. Three of these kinds are good, the other is "loaded." Enough heart depressant poison is in the one to sever the "silver thread" of life. But with a little observation this one can be told from the others.

On his return home he found "company," wife away, and the children crying for bread. Those mushrooms solved the difficulty. There was a meal good enough for any epicure.

The Minnesota university publishes a book on the mushrooms of Minnesota, this can be had free by any graduate and for one dollar by any one. A few of the most common kinds can be readily distinguished and wholesome food thus obtained for the gathering. Those who are not versed in mushroom lore however, should do well to give them a wide berth.

"CASCARETS" RELIEVE SICK, SOUR STOMACH

Move acids, gases and clogged-up waste from Stomach, Liver, Bowels—Cure Indigestion Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets, they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for several months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv't.

Everywhere We Hear Good Reports of Doan's Kidney Pills

Brainerd is no exception. Every section of the U. S. resounds with praise of Doan's Kidney Pills. Thirty thousand persons are giving testimony in their home newspapers. The sincerity of these witnesses, the fact that they live so near, is the best proof of the merits of Doan's. Here is a Brainerd case.

Mrs. C. Sundberg, 1524 E. Pine St., Brainerd, Minn., says: "Doan's Kidney Pills have earned my grateful endorsement. I suffered for several years from backache and it not only made me uncomfortable while doing my work, but also kept me from getting my proper rest at night. I was sometimes distressed by dizzy spells and often my feet and ankles were swollen. The doctors said I had kidney complaint but their medicine failed to help me.
